

**DOSSIER FILE: CATCH MYSTERE ROBOTO!**  
**RICOCHET ROBOTS**  
CASE OFFICERS: ANDY RICH & JENNIFER CHALFAN  
FEDERAL BUREAU OF INVESTIGATION

*The pieces of this puzzle should be printed in color.*

Roboto locked himself in his impenetrable fortress with his minion robots ricocheting about, protecting him. Our intel leads us to believe that there is some kind of password which will disable the robots, and that by analyzing their movements you can figure this out and catch him. Good luck!
