A clue to solving them is that the answers are in alphabetical order. The number of the sequel indicates the letter that should be chosen from each word. If there is no number, the first letter should be used. The words themselves form a word ladder:

OUT	Orange
DO	Green
TIME	Yellow
TRAVEL	Red
LIGHT	Orange
HOUSE	Orange
WARMING	Yellow
PAN	Red
AMERICAN	Red
HISTORY	Yellow
MAJOR	Red
CHARACTER	Yellow
WITNESS	Yellow
STAND	Red
DOWN	Yellow
MARKET	Yellow
FORCES	Orange

The letters should be further ordered by color, rainbow-style, leaving

Red: EPCOT

Orange: THEF

Yellow: IRSTWOR

Green: D

This gives the phrase EPCOT: THE FIRST WORD. EPCOT is derived from Experimental Prototyp Community Of Tomorrow, so the answer is EXPERIMENTAL.
